

MACLEOD ELKS WILL ENTERTAIN MACLEOD AND DISTRICT CHILDREN

The children of Macleod and district will be the guests of the Macleod Elks on Wednesday and Thursday, December 22nd and 23rd for a real big Christmas entertainment. The "Hello Bills" have made special arrangements with the management

of the local theatre and secured the latest Charlie Chaplin ten reel feature "The Gold Rush", which every picture critic claims is the funniest picture this world famed comedian has produced, for these two days this big show will be run from 11 o'clock each morning until 10 o'clock in the evening and all kiddies can come and see this big picture at the expense of the Elks. During the day Santa

Claus accompanied by Charlie Chaplin will be there and distribute bags of goodies to all children 12 years of age and under. In the evening kiddies and their parents are also invited to the show. There is only one stipulation that the Elks would ask the parents and guardians to impress upon their children, on account of the large number of children in the town and country there can only be one show for each child, and if a youngster comes to one performance he or she cannot be admitted to another, thereby giving every kiddie an opportunity to see this big two and half hour show.

There is another feature in addition to the theatre performance, the Elks have taken over the big new skating rink for these two days and kiddies will be allowed free skating any time during the hours of 11 a.m. and 10 p.m. After 7 p.m. children and adults will be allowed. Remember this that only those with skates will be allowed on the ice, and no rough play on the part of big boys will be tolerated as it is to be remembered that these two days are for the small kiddies as well as the big ones. The use of the rink is open to all any time during these two days.

Don't forget the big essay competition that is being run by the Elks to all children both in the town and country, you will see by the announcement in this issue what school children are eligible. Try and win one of the prizes. Remember that only kiddies attending the theatre during the day will meet Santa Claus and Charlie Chaplin and will receive the bag of goodies from them.

Owing to great congestion of mails during Christmas season three things are essential to guarantee delivery in time for Christmas: Early mailing, plainly and fully addressed, and well wrapped parcels.

TOTS STORY SAVES MAN FROM CHAIR

New York, Dec. 8.—The story of his mother's death, told by a four-year-old boy, Lawrence Kaufman, saved the woman's slayer from the electric chair yesterday when Judge Rosalsky sentenced Herman Schnatz, a cook, to Sing Sing prison for seven to fifteen years. Schnatz was indicted for the murder of Mrs. Anna Kaufman, a widow with whom he boarded, October 13 last. Witnesses testified that Schnatz, angered by remarks made about him, deliberately stabbed Mrs. Kaufman, causing her death.

Assistant District Attorney Brothers questioned the four-year-old boy,

who said his mother and Schnatz had quarrelled and his mother had grabbed the knife from a table. In the struggle for possession of the knife, he said his mother was cut. On this evidence Schnatz was permitted to plead guilty to second degree manslaughter.

THE EMPRESS THEATRE — CURRENT ATTRACTIONS

GENE TUNNEY, HEAVYWEIGHT BOXER, APPEARS IN PATHE SERIAL WITH THRILLS, MYSTERY, ACTION — CONTENDER FOR DEMPSEY'S CROWN WAS A FIGHTING MARINE "OVER THERE" AND HE IS A FIGHTING MARINE IN "SERVING THE TEN-CHAPTER SCREEN STORY"

Gene Tunney has made for Pathe a picture of thrills, mystery and action. It is titled "The Fighting Marine." It is a serial, partaking of all the elements that have made Pathe serials popular throughout the world. It is to be shown every Friday and Saturday at the Empress Theatre starting this week.

And the featured player, Gene Tunney, making his debut before the cinema director, is a man far apart from the average conception of the prize fighter. To call him the gentleman pugilist would be a misnomer. There are few prize fighters today who need to be distinguished by such an appellation. The fact that Tunney has no nickname describes him best, perhaps.

When a prize fighter is "Knock-out" Jack Brown or "One-Round" McCarthy or any such diminutive of his name it implies some outstanding characteristic or method of fighting. Tunney is Tunney—a different fighter. No word has been coined to describe all his variations of speed, defense, attack and cleverness.

In his personal and public life he is the same—just Gene Tunney. He is ever the gentleman. In appearance he suggests the athlete, of course, but none would class him as

a prize fighter or a sportsman. An exception might be made to this in his hands. They have seen hard service in the ring and bear out the huge blonde young man's calling. His ears have yet to be marked by the everblooming "cauliflower" of the prize ring.

Tunney is twenty-eight years old. He was born in New York city and went to school there. He was much as other New York boys in his earlier years, but had no ambition to become a prize ring stellar light.

The war decided Tunney's career. He enlisted in the Marine corps and went into training. In the camps on this side and on the other Gene, who had done much boxing as an amateur, was quickly made a hero by his buddies, and engaged in many events for the entertainment of the boys. His fame spread throughout the service. Tunney was offered many chances to get a commission while in the service but declined. "I want to serve as a private and go down in the record books as just that," was his attitude.

After being mustered out in 1917 Tunney went into the professional class and started his climb. He has had more than fifty knockouts to his credit. His rise to the pinnacle he occupies today has not been a path of roses. He has met some tough men and engaged in many hard fought battles.

"The hardest fight I ever had," he tells, "was for a purse of \$750." But Tunney's ring record is a matter of general knowledge. His defeat of Mike Gibbons was decisive and such that it moved Tunney into

the very top row of heavyweights. Hollywood watched with interest Tunney's advent as an actor. He surmounted all difficulties in this with the spirit he has taken into the prize ring—the spirit of adventure. Director Spencer Bennet did much to help Gene get his sea-legs before the camera and in three or four days Gene was clicking with remarkable ability. In "The Fighting Marine" the championship aspirant is given full scope to show his prowess with the padded mitts. "I've had more knockouts in two weeks in the picture he said after it was under way, 'than I have had in all my ring experience.'"

PUBLIC CAN'T DO WITHOUT GENUINE COMEDY NOW—ADAYS

Comedy is the "thing" in the drama these days and a laugh is always preferable to a tear if the inclination of the movie-going public is any criterion. The Metro-Goldwyn-Mayer production, "The Boob," directed by William A. Wellman is coming to the Empress Theatre next Friday and Saturday, and although there are a few scenes that may bring a tear or two, there are laughs in plenty that make it one of the most pathetically funny pictures of the year.

It concerns the day dreams and air castles of a youth, Peter, who becomes inspired with the lore of knights of old and goes into the world to remedy his ills. Peter has been prompted to go on this errand of mercy when the girl of his heart refuses him for a city slicker.

In his travels he becomes a modern knight and the situations that ensue present an opportunity for unlimited comedy and a touch here and there of pathos. It is predicted that the production will be one of the most entertaining and popular pictures of the season.

George K. Arthur is playing the role of Peter, and this rapidly rising young player is said to have been offered the finest opportunities of his career. He is said to have given the role a touch of wistful pathos that marks him as the coming comedian of the screen. Gertrude Olmsted portrays the sweet, unsophisticated country girl who falls in love with the villain, played by Antonio D'Algy. Lucille Le Sueur, a newcomer to the screen, plays the role of the woman detective with great finesse. Charlie Murray plays no small part as a laugh creator in the picture, and it is said that Eddie Eilder, celebrated character actress of the stage will create a sensation as a new type of screen mother. She makes her screen debut in this picture.

"The Boob" is Wellman's first production for Metro-Goldwyn-Mayer. It was adapted to the screen by Kath Clarke from the story, "Don Quixote, Jr.," by George Scarborough and Annette Westbay.

The featured players include George K. Arthur, Gertrude Olmsted, Joan Crawford and Charles Murray, Antonio D'Algy and Hank Mann are also in the cast.

GRETA NISSEN'S BACK ON SCREEN—FEATURED IN NEW FLORENCE VIDOR STARRING FILM, "THE POPULAR SIN"

Greta Nissen is back on the screen. The exotic, blonde girl who recently left motion pictures for ballet dancing because she thought it gave her more opportunity to express herself, has discovered and admitted the error of her ways.

As La Belle Toulouse, temperamental and vampsy Parisian actress, she will be seen in Florence Vidor's current Paramount starring vehicle, "The Popular Sin," which arrives at the Empress Theatre Wednesday and Thursday next week.

To play this role, Miss Nissen had to leave the east of Ziegfeld's Revue. Back under the Klieg lights at Paramount's Long Island Studio, working with Miss Vidor, Clive Brook and Philip Strange, she expressed herself as genuinely happy.

Born in Norway, Miss Nissen joined the ballet of the Copenhagen, Denmark, Royal Opera Company at the age of six but her European successes were as nothing when compared to the furor she created in "A Beggar on Horseback." A contract with Paramount followed and Greta was featured in "Lost—A Wife," "In the Name of Love," "The King on Main Street," "The Wanderer," "The Lady of the Harem" and "The Lucky Lady."

Director Malcolm St. Clair is responsible for her second abandonment of dancing. While preparing to direct "The Popular Sin," he found that Arthur Monta Bell had created a character in La Belle that Miss Nissen could play to perfection. "My mind's made up for good," says Miss Nissen. "I'm convinced that I belong in pictures."

SIXTEEN DEAD IN EASTERN U. S. STORMS

New York, Dec. 7.—Northeastern states today counted a toll of 16 dead from record-breaking early season low temperatures and snowfall of the past few days, which also caused ice blockades that threatened to tie-up lake and river shipping for the winter. Eastern Canada was also hit by the storm.

There were 12 dead in New England alone while New York recorded three and New Jersey one. Considerable suffering was also reported and the larger cities spent thousands of dollars for the removal of snow which in places reached a depth of 12 inches. Rail and automobile traffic was rapidly approaching normal, however.

No deaths were reported at sea or in inland waters, although there was considerable damage to shipping. Fourteen steamers were ice-bound in the St. Lawrence river at Quebec; fifteen vessels were wrecked off Nova Scotia and New Brunswick, and fishing and barge fleets in several ports were badly crippled.

Old-time channel and lake men said that not for many years had the waterways been closed by ice so early in the winter.

MARS AND RADIO

Present interest in the planet
Mars, due to its approach to the

earth, brings to the surface again
all sorts of vague theories and
illusions about the part radio might
play in our attempts to communicate
with the Martians.
If those ideas ever ring true,
smash goes one of the finest yet
theories about radio.
That's the famous Heavside layer
theory, evolved by the late Professor
Heavside of England. On it is
based our entire belief as to how
radio waves are transmitted and
received, and our solution to the
question why these radio signals
don't fly directly into space.
The Heavside theory presupposes

the existence of a mysterious layer,
perhaps magnetic, above our atmo-
sphere, about 100 miles up, which
deflects the radio waves hurled from
our broadcast and other radio sta-
tions, and returns them to the earth,
where they may be received.
Whether there's a leak in this
layer, so as to let stray waves shoot
out further into space, cannot be
ascertained. But even supposing a
leak—well, it takes a powerful re-
ceiver to tune in a radio signal from
a station 3000 miles away.
Mars is distant some 42,000,000
miles when it's nearest.

DEMPSEY TRAINS TO MEET
TUNNEY

Los Angeles, Dec. 7.—Jack
Dempsey, waiving the formality of
a few warming up fights, will start
training next week for a return bout
with Gene Tunney, to whom he lost
the world's title last September at
Philadelphia.

This he announced today, saying:
"If I can come back I can whip
Tunney, and if I can't come back,
I'm through with the fight game. I
don't want any 'set ups'!"
Reply to reports that he had been
poisoned before the fight with
Tunney, the former champion de-
clared:

"All this stuff about throwing
fights, being poisoned or worried to
death is a lot of hokum. Tunney
can whip any man in the ring today."

RESCUE BULL MOOSE—STEAM-
ER CREW PLAYS NURSE

Sault Ste. Marie, Ont., Dec. 8.—
The story of how the crew of the
steamer Clover rescued and revived
a big bull moose, powerless in the
freezing water of the Neebish
channel near the scene of icebound
boats, is contained in a message to
the Soo.

Realizing the plight of the
moose, Officer Eckle and Engineer
Handman of the Clover, went out
with a number of the crew in a
small boat. Drawing alongside, the
two officers grabbed the moose by
the ears, while the others threw a
rope around the horns and in this
way they managed to drag him to
the shore of Round Island.

Caked with ice and completely
exhausted from its efforts to break
a channel, the moose sank to the
ground. The men spread their coats
over the animal and by means of
artificial respiration brought it back
to normal.

After a while the moose got up,
shook himself free of the ice and
wandered slowly into the bush. Later
as the Clover commenced to move
away, the moose appeared on the
opposite shore and looked after the
ship as if to express gratification to
its benefactors.

"GINGER GROUP" WILL APPEAR
IN OTTAWA HOUSE, COMING
SESSION

Winnipeg, Dec. 7.—The Ottawa
correspondent of the Manitoba Free
Press says:

"With the arrival here of some of
the former ginger group in the
clear that that particular organiza-
tion of commons, it has become
tion in parliament will be at work
again. First of all, 11 members
from Alberta, who were elected
under the aegis of the United Farm-
ers of Alberta, are determined to
constitute a group of their own in
the house and it is probable that Mr.
Spencer will be their whip or
secretary. That group wants no
entangling alliance with other un-
attached Progressives but will co-
operate with them at all times when
required. It also is clear that the
Progressives in the west are not dis-
posed to sit with the government."

"In Ontario, it is probable that
Miss MacPhail, B. W. Fansher and
J. King will remain under the Pro-
gressive banner and it is understood
that the three labor members will
also be with them. So that it is
evident that, in addition to the 11
from Alberta there will be 15 others
of Progressive or labor leanings
sitting on the opposition side of the
house."

ARDENVILLE NEWS

A very discordant noise fell on the ears of Mr. and Mrs. Orthur Kylo last Wednesday evening causing the bride to gasp in a panic "It's a charivari!" The gay serenaders gathered at the home of Victor Barr, then "carefully on tiptoe stealing" surrounded the home of the newly married couple. After all the blank cartridges were expended and other instruments worn out, the merry party were invited in and enjoyed a very pleasant time until an early hour.

Mr. Cinnamon Barr of Claresholm formerly of Ardenville, paid a brief visit in this neighborhood on Wednesday and Thursday of last week.

The Christmas entertainment to be held in Ardenville school on December 22, is progressing famously. One of the chief features of the evening will be a play entitled "More Money Than Brains." Following is the cast of characters:

Pierre Arto—A struggling Artist

—Axel Johnson, Harry Bright—His friend and confidant—Alfred Johnson, John Styles—The rich uncle—Victor Barr, Mrs. Styles—The Aunt—Burness Stewart, Mrs. Maguire—The Landlady—Mrs. Arthur Kylo—Jimmie Maguire—Her son—Ella Barr, Mr. Cohen—A tailor—Jack Driver, Mr. Snyder—A grocer—Glen Barr—Detective Stick—A Secret Service Agent—Arthur Kylo.

COUNCIL OF MUNICIPAL DISTRICT OF BRIGHT HELD LENGTHY SESSION

The council of the Municipal District of Bright, No. 69, met on Saturday afternoon, and had a very long session. Routine business occupied a great deal of time, a large number of accounts were passed for payment, as this was the last meeting for the year. The delegates to the recent Municipal Districts Convention, held in Calgary, Messrs. Mackintosh and Horner, gave a full

and exhaustive report of the proceedings of the convention. A good deal of time was taken up in settling a number of disputes in connection with impounded animals. On important matter was discussed in connection with a communication from the Department of Public Health, relative to infectious diseases. The Department is asking the council to store supplies of antitoxin and curative remedies for diphtheria, scarlet fever, typhoid fever, and small pox vaccine. The council after due consideration decided to accede to the request of the department.

It may be stated here that the worthy Secretary-Treasurer of Bright Municipality, H. W. Bright, was re-elected Vice President of the Alberta Municipalities Association at the recent convention.

The hard part of winning a championship is being modest while writing the story for the papers.

UNITED CHURCH BAZAAR A BIG SUCCESS

The Ladies' Aid of the United church, Macleod, held their annual bazaar and supper in the town hall last Saturday afternoon, and as the weather man was kind in giving them an exceptionally fine afternoon, the friends and supporters of the church came out in crowds, and showed their appreciation of the work of the ladies by purchasing practically everything provided for the bazaar.

From a financial standpoint the bazaar was pronounced the most successful for many years, the proceeds, when all is accounted for, will total considerably over \$700. The president of the society, Mrs. W. G. Andrews, is delighted with the result and appreciates very highly the able and willing assistance rendered by all the members of the Aid in making the bazaar such a success.

The following ladies had charge of the different departments: Fancy work table, Mrs. F. A. Adams, Mrs. J. McNab, Mrs. J. F. McGregor; home cooking table, Mrs. A. Dixon, Mrs. T. Worthington, Mrs. J. S. Collis; afternoon tea and supper Mrs. A. F. Gray and twelve assistants. Mrs. S. J. Kirk and Mrs. W. Irwin poured tea and coffee and Mrs. J. Forster and Mr. and Mrs. Crowson, Sr., made the tea and coffee. Mrs. J. T. Doney acted as treasurer. Mrs. Doudican assisted the young people with their table and Mrs. Goodair had charge of the fish pond which needless to say was a great attraction to the kiddies.

The decorations of the hall and various tables were beautifully carried out, and lent considerably to the attractiveness of the bazaar. Last but not the least, Edgars four-piece orchestra purveyed their usual brand of high class music during the afternoon and evening, which was very much enjoyed and appreciated.

SPRING POINT NEWS

Miss Brown was visiting her parents for the week-end.

The dance held at Spring Point school house on Friday last was a big success and a goodly sum was realised for the children's Christmas tree. Stone's celebrated orchestra furnished the music, and Miss Edna Thompson had prepared a snappy program of dances.

There will be a big turkey and goose shoot at Fred Burgess's farm on Wednesday, December 15th. The ranch is situated 3 miles south of Spring Point School and one mile south of Athol school. They are all dandy fine birds and this will be a good chance to secure your Christmas dinner.

T. Bratton was a visitor to Macleod this week.

E. Walker was in Macleod Saturday securing his Xmas supplies.

Mr. and Mrs. F. Stone and family motored to Macleod last week.

R. Jones was in Macleod last week on business.

MAY TEST UNITED CHURCH MEASURE

Toronto, Dec. 8.—The urgent desirability of carrying the case of the Presbyterian Church in Canada before the imperial privy council, in view of its present unsatisfactory legal status was stressed by several speakers at yesterday's meeting of the Toronto presbytery and a resolution was passed recommending to the church's legal committee that a test case be made of the validity of the United Church of Canada Act before the privy council.

It was also recommended that the legal committee request counsel to draw up a form of will safeguarding bequests intended from Presbyterian church.

HANGMAN'S DREAM NOT PLEASANT

Bradford, Dec. 7.—The visions of a hangman do not make pleasant reading as revealed in the notes of one executioner which have just come to light. The notes were written by James Berry of Bradford, who died some years ago. He was credited with 134 executions and his weird experiences and sensa-

tions are detailed fully in a diary covering several hundred pages.

Berry's most celebrated case and his most trying ordeal was that of John Lee, of which the hangman makes notes at length. Berry and an assistant in Exeter prison, tried in vain on four occasions to hang Lee. Each time the drop refused to act and finally Lee was reprieved.

Of one execution, Berry wrote: "I am sick at the stomach; sick at the heart. I am always like that after an execution. I have had no sleep for two nights. I never closed my eyes in Oxford jail, where the execution took place, all night long. I could not sleep a wink last night either. Time and again—a hundred times, it seemed—just as I was about to drift into slumber—I see my latest victim before me."

The annual meeting of the Macleod Agricultural Society is to be held on Saturday, December 18th, in the town hall, when the annual reports and financial statements will be presented.

Mrs. J. W. Kipp, of Lethbridge, paid her annual visit to the Macleod United Church Bazaar on Saturday afternoon. She spent the week-end as the guest of Mrs. W. G. Andrews returning to Lethbridge Monday.

Mrs. Colin Genge and her daughter, Miss Dolly, left Monday night for a three months visit at Ottawa. While in the East they will be the guests of Mrs. Genge's sister, Mrs. (Senator) De Verber, at Ottawa.

Mr. and Mrs. E. F. Cummings left for the Old Country last Friday, and expects to make an extended stay. As Mr. Cummings is going into the hospital to receive special treatment for the injury he received some years ago.

The Men's Brotherhood of the United Church held their regular supper Tuesday evening. The speaker for the evening was J. T. Doney, who gave the "Story of a Watch" in an interesting manner. Tuesday, December 14th, will be a special meeting, when Rev. Norman King, of the United Church, Coalville, will give an address on "The Subjects of Today."

Broadcasting the evening service from the United Church in Macleod, Sunday December 5th, 1926, was a success, as Rev. W. H. Irwin, the minister and speaker of the evening, has received from several parts of the country messages telling him how they enjoyed the service, and hoped that the broadcasting will be continued. Broadcasting from the United Church will be carried out during December, and will be continued during the New Year. This is done by local radio broadcasting station conducted by George Panter, who is now considered the best amateur operator in Southern Alberta.

This week the Macleod Curling Club opens its season with a competition between the President (Judge A. M. MacDonald) and Vice President (J. D. Matheson). There are a large number of new curlers joining this year and sixteen rinks are expected to participate in the competitions and bonspiel this season. The ice is now in fine shape and the games are expected to commence this week. Over fourteen rinks now have their rinks complete and the other two are expected to be completed this week. There are several trophies to be played, for including The Hudson's Bay Cup, The P. Burns Cup, The Shaw Trophy, The Granum Cup, and it is expected the Elks are furnishing a competition this year. The Macleod boys are determined to bring back the Cadillac Cup from Lethbridge this year and place it back in its old camping ground where it rested for many years, but the Lethbridge lads are just as sure it will remain with them.

Macleod now has one of the largest and finest open air skating rinks in Alberta, situated right in the centre of the town. The rink which was built by Ernie Ringland is full size with all kinds of accommodation for spectators when there is a hockey or broom ball game. The outside fence is ten feet high while the inside partition is four feet high and

six feet form taller fence, leaving a six foot seating accommodation completely round the rink. Dressing rooms for ladies and gentlemen have been fixed up at the east end of the rink and with continuation of cold weather the rink will at once be opened for skating. There is good lighting service, and some real hockey is expected this season, as Macleod intends entering the northern league with Granum, Claresholm and Stavelly. There is good material in Macleod this year for a hockey team and already a town league has been commenced with three local teams and the pick of the trio will play in the outside games.

English Cakes and Chefs Busy on Plum Puddings
The open season on English plum puddings has started. All over the island, from the hut of the lowest tenant farmer to the mansion of the highest peer, preparations for this traditional Christmas dish are under way.

Francois Latty, chef of the Savoy Restaurant, has already made 2,000 pounds of Christmas pudding. No ritual could be more impressive to the epicure than to see Mr. Latty mix his first plum pudding of the season.

For thirty years he has assembled his assistants about him on a date set several weeks before Christmas. Then, with a flourish that might be taken from some quaint, religious ceremony, he has poured the first bottle of brandy into the pudding mixture. A diminutive page boy always makes the first stir.

"Mix your puddings several weeks in advance and let the flavor improve," is his advice. Here is his own recipe for a seven-pound English plum pudding, made public for the first time.

Ingredients: Twelve ounces Malaga raisins, 12 ounces currants, 12 ounces nut, 9 ounces flour, 4 ounces chopped apple, one ounce orange peel, 8 ounces brown sugar, half pint milk, 12 ounces Smyrna raisins, 12 ounces crystallized peel, 10 ounces bread crumbs, one ounce ginger, one ounce citron peel, one teaspoonful salt, six eggs, quarter of a pint of brandy or sherry.

How to make it: All the dry ingredients should be well mixed together. A little extra mixing well repays the trouble. Beat the eggs and add them to the milk, then pour over the dry ingredients and again mix thoroughly. Pack into greased moulds and boil for six hours at the time of making. The puddings should be boiled for a further six hours when wanted for use. The best sauces are white, custard or brandy sauce.
